Fig 4

The diagram illustrates a combustion system with the following components and connections:

- Intake Air:** Indicated by an arrow pointing down into the top of the system.
- 38:** A horizontal line representing a cleaning material, with an arrow pointing to it labeled "Cleaning Material".
- 40:** A point where the cleaning material (38) enters the system.
- 42:** A horizontal line representing a cleaning material, with an arrow pointing to it labeled "Cleaning Material".
- 44:** A vertical section of the system, likely a duct or pipe.
- 46:** A horizontal section of the system, likely a duct or pipe.
- 20:** A large rectangular area, likely a combustion chamber or turbine housing.
- 24:** A large rectangular area, likely a combustion chamber or turbine housing.
- 26:** A large rectangular area, likely a combustion chamber or turbine housing.
- 28:** A large rectangular area, likely a combustion chamber or turbine housing.
- 30:** A horizontal section of the system, likely a duct or pipe.
- 32:** A horizontal section of the system, likely a duct or pipe.
- 34:** A horizontal section of the system, likely a duct or pipe.
- 36:** A horizontal section of the system, likely a duct or pipe.
- 38:** A horizontal section of the system, likely a duct or pipe.
- 40:** A horizontal section of the system, likely a duct or pipe.
- 42:** A horizontal section of the system, likely a duct or pipe.
- 44:** A horizontal section of the system, likely a duct or pipe.
- 46:** A horizontal section of the system, likely a duct or pipe.
- 48:** A horizontal section of the system, likely a duct or pipe.
- 50:** A horizontal section of the system, likely a duct or pipe.
- 52:** A horizontal section of the system, likely a duct or pipe.
- 54:** A horizontal section of the system, likely a duct or pipe.
- 82:** A horizontal section of the system, likely a duct or pipe.
- 84:** A horizontal section of the system, likely a duct or pipe.
- Exhaust Gas:** Indicated by an arrow pointing down from the bottom of the system.
